English as a Second Language (ESL)	None	ESL Level I	ESL I - ½hr

Pass-Through Testing

\$1323.00 per level; which includes the written and practical exams. Text books not included.

Pass-through testing requires taking the entire written and performance tests for that level - just as you would if you attended the class. A certified instructor must administer the performance tests. No college credit will be received. This will be recorded with NCCER.

Note: If it is important for the apprentice to get college credit, there will be an additional charge of \$175.00. See testing pages for information.

Documentation Administrative Fee

\$100.00 per level per student

This fee is for any craft training done at a company or a company job site. The company is responsible for providing and paying for a qualified instructor to be certified through the NCCER instructor training course and to maintain all necessary record keeping. The apprentice taking this training receives credit from NCCER, but receives no college credit.

Note 1: Federally registered apprentices will require more documentation sent to the CEF Office. There will be an additional charge of \$200.00 per level.

Note 2: If it is important for the apprentice to receive college credit please contact the CEF Office for directions on how to obtain.

Individual Module Testing Fee

\$175.00 per module per student

This is for skilled craftsmen who would like to take just one specific craft module. The cost of taking a specific module is based on a formula per contact hour. Trainees test results are submitted to NCCER.
